ABOUT PIXEL FORGE

Pixel Forge is a two-day inter-college buildathon where game theory stops being a whiteboard subject and becomes something you build, play, and compete in. Teams from colleges across the region face off in live strategy challenges while building a playable game from scratch. **Build it, play it, and defend it in front of judges.**

COMPETE

Live interactive challenges like Prisoner's Dilemma and win-win negotiation games, where every team plays against every other team.

BUILD

A continuous game-building challenge runs across both days. Design and ship a playable game that embeds a real strategic concept.

DEMO

Present your game to judges on Day 2, show how the strategy works, and defend your design decisions.

THEMES

The event themes will be revealed at the **kickoff of the event.**

WHAT TO EXPECT?

Real-world strategy-driven themes that challenge your creativity and game design skills.

STAY READY

Form your team, gear up your tools, and be prepared to build for any of the announced themes.

THEME ANNOUNCEMENT

Themes will be disclosed at the event kickoff, so be ready to ideate and adapt on the spot!

14:00 – 15:00	DEMO EXPO
15:00 – 15:30	JUDGES' DELIBERATION
15:30 – 16:30	AWARDS CEREMONY & CLOSING

GAME CHALLENGES

TRUST FALL

Trust and betrayal.

Face every other team in repeated rounds, secretly choosing to cooperate or ditch, and the team with the most points wins.

1 HOUR

SILENT AUCTION

Auctions and truthful bidding.

Place secret bids with fake coins for build-boosting prizes, where the smartest bidder wins and overbidding leaves you broke.

1 HOUR

POOL PARTY

Win-win cooperation.

Every team secretly adds tokens to a shared pot that grows and is split equally, so everyone gains if all contribute, but anyone who holds back can profit.

1 HOUR

RULES & JUDGING //

WHO CAN PLAY

- UG/PG students from recognized institutions
- Valid college ID required, carried at all times
- Team size: 2 – 4 members
- Cross-college teams allowed
- One Team Lead per team as the single point of contact
- Registration closes on **[DATE]**. On-spot registration is subject to seat availability.
- No member changes after registration closes, except in a documented emergency with organizer approval.

WHAT TO BRING

- Laptop, charger, and any hardware you need
- College ID
- Power outlets and Wi-Fi are provided, but there is no backup equipment.

BUILD RULES

- Build your game entirely within the **30-hour** build window.
- Open-source libraries, engines (Unity, Godot, etc.), and asset packs are allowed.
- The core strategic mechanic must be built during the event. Pre-built games or mechanics brought from outside mean disqualification.
- Credit every asset you use. Judges may ask you to explain or modify your build live.
- Your game's IP stays with your team. Organizers and sponsors may showcase it for event promotion.

WHAT YOU SUBMIT

1. Playable build (link or physical prototype)
2. One-page design note
3. A 3-minute Demo Expo pitch

JUDGED ON

Strategic Fidelity · Playability · Emergent Strategy · Polish

Judged by a panel of faculty and sponsor representatives.
Weightage will be shared before the event begins.
The panel's decision is final.

PRIZES

1st: ₹ | 2nd: ₹ | 3rd: ₹

Certificates for all participants

OVERNIGHT & MEALS

- Only registered Pixel Forge teams may stay on premises overnight, with a security desk and attendance log.
- One dinner and one night snack provided.

DISQUALIFICATION

Plagiarism or collusion, pre-built solutions, code-of-conduct violations, missed deadlines without approval, or false registration details.

CODE OF CONDUCT

Respect everyone. Harassment, discrimination, alcohol, tobacco, and prohibited substances mean immediate removal without refund.
